This policy is effective August 1, 2019. After this date, the district will begin testing personnel if it reasonably suspects that an employee is under the influence of illegal drugs or alcohol. In addition, the district will begin conducting random testing of all bus drivers, and school resource officers. This policy will be enforced uniformly with respect to all personnel. All the district's personnel, including administrators, will be subject to testing.

The purposes of this policy are as follows,

- B. to maintain the highest quality educational program for our students by ensuring that no personnel of the district are users of illegal drugs or under the influence of drugs or alcohol.

- D. to reduce absenteeism and tardiness and improve the quality of educational services.

The following are rules representing the district's policy concerning substance abuse.

- 1. All employees are prohibited from being under the influence of drugs or alcohol while on duty or on district premises. All employees are prohibited from using illegal drugs, or prescription medication for which they do not have a proper prescription.

8. Any employee who has an on-the-job accident shall immediately submit to drug and alcohol testing.

3. Random testing of bus drivers will be implemented using a neutral selection basis. Columbus Municipal School District will not waive the selection of any employee chosen pursuant to the random selection procedures.
4. Reasonable suspicion is defined under this policy as the belief by Columbus Municipal School District that an employee is using or has used drugs or alcohol in violation of Columbus Municipal School District's policy. Reasonable suspicion may be based upon, among other things:
 - i. Observable phenomena, such as direct observation of drug use and/or the physical symptoms or manifestations of being under the influence of a drug or alcohol
 - ii. Abnormal conduct or erratic behavior while at work, absenteeism, tardiness, or deterioration in work performance;

iii. A report of drug use provided by reliable and credible sources, and which has been independently corroborated;

iv. Evidence that an individual has tampered with a drug and alcohol test during his employment with the current employer;

v. Information that an employee has caused or contributed to an accident while at work; and

vi. Evidence that an employee participates in the use, possession, sale, solicitation, or transfer of drugs while working or while on school premises or while operating one of the school's vehicles, its machinery, or its equipment. If there is reasonable suspicion that an employee is using or has used drugs or consumed alcohol in violation of CMSD's policy, that employee will be required to submit to a drug and/or alcohol test. The superintendent (or in his or her absence an appointed replacement) must approve in advance all reasonable suspicion testing. If the test result is confirmed positive for drugs or alcohol in violation of CMSD's drug and alcohol policy, the employee will be subject to immediate termination of his or her employment with the district or maybe subject to lesser discipline, in discretion of the Superintendent.

Any employee who refuses to take a drug and alcohol test will be subject to discipline, up to and including immediate termination of employment. Interference or attempted interference with sample collection for a screening test is prohibited. The ingesting, possession, or distribution of any substance designed primarily for masking, defeating or in any manner frustrating alcohol and controlled or illegal substance tests is prohibited. Applicants or employees who attempt to tamper with, dilute, adulterated, or substitute samples violates this policy and are subject to the same consequences as refusing to test or having a confirmed positive result. The following are drugs for which the district may test alcohol, opiates, amphetamines, phencyclidine (PCP), marijuana, cocaine, and any other controlled or illegal substance.

A negative-diluted result in a drug test will require a retest to be scheduled a time to be determined by the district. A second negative-diluted result will be recognized by the school district in the same manner as a positive result and will be grounds for retracting employment offers or taking disciplinary action against a current employee.

An employee who receives a positive confirmation drug and alcohol test result may contest the accuracy of the result or explain the results within ten days of the date of such result by filing a written statement with the superintendent. An employee, at his or her own cost, also may request that the specimen be retested at a certified laboratory of his or her own choosing.

An employee who receives a positive confirmation test result and who fails to present a satisfactory contest or explanation to such result, or a contrary result from a certified laboratory of the employee's own choosing, will be subject to discipline, up to and including termination.

If the district determines that discipline and/or discharge are not necessary or appropriate in a case where an employee is in violation of Columbus Municipal School District's Drug and Alcohol Testing Policy, the employee as a condition of continued employment must complete a certified substance abuse rehabilitation program at the employee's own cost and expense. The employee may be allowed to work for the district while undergoing the treatment, but the employee must provide evidence of continued treatment and/or rehabilitation upon request. The employee must also agree to submit to random testing for three years after the date of the positive confirmation drug and alcohol test result.

Further, this school district prohibits sexual harassment of or by any student. This policy applies to conduct during and relating to school and school-sponsored activities. Sexual harassment is inappropriate behavior and offensive. Any student who engages in the sexual harassment of anyone in the school setting may be subject to disciplinary action up to and including expulsion.

INDIVIDUALS AND CONDUCT COVERED

The policies apply to all students and employees of the Columbus Municipal School District, and third parties, persons hired to provide contracted services, and persons volunteering at school activities. Conduct prohibited by these policies is unacceptable in all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs occur on campus, on a bus, or at another location away from campus. Individuals who violate these policies will be subject to disciplinary action, up to and including suspension or expulsion (if a student) or suspension or termination of employment (if any employee), and in egregious situations, law enforcement officials will be notified as required by law. Further the Mississippi Department of Education will be notified as required with regard to any violations of Standard 4 of the Mississippi Educator Code of Ethics and Standards of Conduct. Individuals who knowingly file a false or misleading complaint alleging harassment, discrimination or retaliation or provide false information in an investigation are subject to appropriate disciplinary actions.

INVESTIGATION OF HARASSMENT

In accordance with its obligations under federal law, the District reserves the right to investigate reports of harassment occurring between employees and students or between employees, regardless of whether the alleged harassment occurred on or off school grounds; during or outside school hours; or using school-owned or personally-owned electronic devices (e.g., postings to digital media and electronic forums such as Twitter and Facebook or text messages).

District prohibits retaliation against any individual who reports discrimination or harassment or participates in an investigation or such reports.

Retaliation against an individual for reporting harassment or discrimination or for participation in an investigation of a claim or harassment or discrimination is a serious violation of this policy and, like harassment or discrimination itself, will subject an individual to disciplinary action. Acts of retaliation should be reported immediately and will be investigated, and corrective action taken promptly. Corrective action may include suspension, expulsion and in egregious situations, the involvement of law enforcement official.

OTHER REPORTING

STAFF AND STUDENT HEALTH (Board Policy GAGD)

The governing authorities of the Columbus Municipal School District may require any teacher, supervisor, custodian, or other employee of the school to submit to a thorough physical examination, deemed advisable to determine whether he/she has any infectious or communicable disease.

COMMUNICABLE DISEASES

The Columbus Municipal School District will work cooperatively with the Mississippi Health Department to prevent, control, and contain communicable disease in schools.

- A. Students are expected to follow the required immunization schedule. The building principal is required under (41-23-37) to exclude students from school attendance who are out of compliance with the immunizations required by this act. School personnel will cooperate with public health personnel in completing and coordinating all immunization data, waivers, and exclusions, including the necessary Immunization Assessment Program forms, to provide for preventable communicable disease control.
- B. The Superintendent has the authority and obligation under the Mississippi State Board of Health Rules and Regulations Governing Reportable Diseases to exclude students or staff members from school when reliable evidence or information from a qualified source confirms his/her having a communicable disease or infection that is known to be spread by any form of casual contact and is considered a health threat to the school population. In each case risks, and benefits to both the infected individual and to others in the setting shall be weighed. As conditions change, cases may be reevaluated.

- D. Mandatory screening for communicable diseases that are known not to be spread by casual contact is not warranted as a condition for school entry or for employment or continued employment.
- E. Irrespective of disease presence, routine procedures shall be used, and adequate sanitation facilities will be available for handling blood or other body fluids within school setting or on school buses. School nurses and other relevant personnel will be trained in the proper procedures for handling blood and body fluids, and these procedures will be strictly adhered to by all school personnel.
- F. All persons privileged with any medical information that pertain to students or staff members shall be required to treat all proceedings, discussions, and documents as confidential information. Before any medical information is shared with anyone in the school setting, a “Need to Know” review shall/should be made which includes that parent/guardian, student if over 18, employees, or his/her representative.

14. Staff members shall not disclose information concerning a student, other than directory information, to any person not authorized to receive such information. This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background.

The investigation may be conducted by school district officials or by a third party designated by the school district. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

In determining whether alleged conduct constitutes a violation of this policy, the district shall consider the circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationship between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and circumstances. In addition, the district may take immediate steps, at its discretion, to protect the complainant or reporting party pending completion of an investigation of the alleged policy violation.

The investigation will be completed as soon as practicable. The building principal or designee shall make a written report to the Superintendent or his designee upon completion of the investigation. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

Staff members are expected to maintain the highest professional standards, to fulfill all responsibilities assigned to them and to follow procedures and regulations developed by the administration in accordance with policies established and approved by the Columbus Municipal Board of Education.

It shall be the responsibility of all employees to keep their address, telephone number, name changes, and any other pertinent information current with the Human Resources Office and the Payroll Department. HANDLING OF MATERIALS AND FIXED ASSETS

Teachers and other personnel employed by the district are responsible for care, maintenance and accounting of all materials, textbooks, fixed assets, and supplies assigned to their area of responsibility. Persons responsible for care, maintenance, and accounting will be held responsible by the school administrator.

DUTY/SUPERVISION OF STUDENTS

You are reminded that hall, campus, lunchroom, or any other duty that involves supervision of students is an important and vital part of our school program. These tasks, therefore, must be undertaken with a serious attitude. It is your task while on duty to do the following in compliance with District Policy.

EXTRA DUTY

Staff members may be assigned extra responsibilities as deemed necessary to carry out the programs of the Columbus Municipal School District. RESPONSIBILITIES FOR TEACHERS

Before the bell rings to end each class, teachers should have students pick up paper and trash around their desks. This will ensure a clean room for the next class, as each will have cleaned their own litter. This will aid our school in ensuring a safe, orderly climate conducive for learning in our schools and our custodians can do a much better job. Before you leave your room for the day, please assume the following responsibilities as they apply to your room:

(Relevant to school sites)

1. Turn off all lights
2. Close and lock all windows
3. Check and adjust all blinds
4. Turn off all monitors and computers using the shutdown function
5. Check inventory of fixed assets
6. Close door

LESSON PLANS

Lesson plans must be completed and submitted as specified by the principal.

LEAVING SCHOOL

Do not give a student permission to leave school without checking through the office. If a student becomes ill at school, he or she must be checked out through the office before leaving. If possible, someone will be contacted to come for the student. If no one can be contacted to come for the student, some alternative will be worked out.

If a teacher must leave the campus, he/she should contact the principal or his/her designee. Every courtesy will be extended to those who need to leave, but the administration reserves the right to refuse permission for frivolous reasons.

SUBSTITUTE TEACHERS

CMUSD contracts with Kelly Services for the provision of substitute teachers. If you must be absent from school for any reason, you are to contact your principal in a timely manner. You will be expected to provide materials and instructions necessary for the substitute to carry on in your absence. A good lesson plan is an absolute necessity for a substitute teacher. Include information in your plans that will be meaningful to someone that is not familiar with what you are doing, so that a substitute may carry on with your work. Be sure and leave a time schedule and special schedules for students who go to special education, speech, band, music, or to the library.

TEACHERS ARE NOT TO CALL THEIR OWN SUBSTITUTES! Substitute teachers are to leave a report for the full-time teacher regarding class productivity.

PROFESSIONAL ORGANIZATIONS

It is our recommendation that all professionals take membership in the professional organization related to their discipline and to become active in other organizations related to their profession.

STAFF DEVELOPMENT & PROFESSIONAL GROWTH

Teachers/personnel are professionals and as such should seek to keep abreast of teaching methods, materials, innovations, etc., that will enable them to become as effective as possible. Our faculty will participate in a planned Staff Development program during the year that will be tailored to individual needs, special requests, etc. Staff Development is necessary for renewal of certification – no exceptions. It is the responsibility of personnel to complete requirements necessary for license renewal. Personnel are strongly encouraged to participate in activities that will not disrupt the normally scheduled school day to complete these requirements.

**** IT IS THE RESPONSIBILITY OF THE EMPLOYEE TO ATTEND ANY PROFESSIONAL DEVELOPMENT TO MEET CERTIFICATION REQUIREMENTS. ****

CLASS DECORUM

All teachers/personnel are to consider the importance of student respect and should establish principles to serve as guides for proper classroom behavior (tardiness to class, student movement within the room, personal matters, respect for property, etc.) The teacher's personal example is most critical in this area.

HALL PASSES

Students are not permitted in the halls during class periods unless they are accompanied by a teacher or have a hall pass in their possession. Do not violate this rule by giving a student permission to be out of class without a pass. This creates a stressful situation between the student, teacher, and administration. The student **MAY NOT** understand how he/she can be punished for something that he/she has permission to do and the teacher or administrator that checks for the hall pass does not know if the student has permission to be out of class. Students found in the hall without a pass must be escorted to the office.

GRADING SYSTEM

To ensure transparency in grading policies, this information is included within the current Parent/Student Handbook. This handbook is also posted on the district website.

FIELD TRIPS

A class may take a trip as a group on certain occasions only and related to the curriculum when approved by proper school officials. When doing so, the group involved must assume the cost of transportation. Students will be assessed a fee to cover the cost of admission, cost of trip (mileage) and bus driver's fee. All monies received from students for field trips must be turned in to the office. Teachers/personnel who are employed full-time and who drive buses on field trips during the instructional day will not receive additional compensation.

All trips must be justified based on an educational value and the educational objectives presented in writing at the time of the request. Classes planning field trips are encouraged to plan the trips early in the school year. Due to the number of requests and the number of spring sports, trips planned for the last part of the year may not be approved. The principal must approve all trips in advance. Pleasure trips will not be approved.

PARTIES

Parties are not allowed.

USE OF THE TELEPHONE

Teachers/personnel are not to use the office phones unless it is an emergency. Due to the tremendous amount of incoming and outgoing calls, please limit all calls to a minimum.

TEACHERS ARE NOT TO TALK, TEXT, DURING INSTRUCTIONAL TIME OR ON DUTY. Personal cell phone usage during the school day must be approved by the administration. In times of emergency, please discuss the need for access with the administration as soon as possible. NO cell phones are allowed during state mandated testing. Having a cell phone within the mandated testing session is a basis for disciplinary action and may result in the district requesting your teaching license to be revoked for a period.

JOB DESCRIPTIONS

All employees shall have and be familiar with their job description. Job descriptions are available through your immediate supervisor/principal, the district human resource office, or the district website.

III. GENERAL SCHOOL OPERATION

WORKDAY (Board Policy GBRB)

Staff are not allowed to “sign in or out” for other personnel. If this is done, it is a basis for disciplinary action and/or termination.

ATTENDANCE

Employees shall be at their post of duty in accordance with the time regulations set forth by the supervisors and approved by the Superintendent. All departments and schools shall maintain time sheets showing the hours worked by the employees. All time sheets must be submitted to the Business Office on Wednesday following a weekly payroll period ending on Friday.

FACULTY MEETINGS (Board Policy GBRD)

Building Principals will set meetings of faculty as the need arises. **Teachers/Staff are required to attend assigned meetings as directed by the principals/supervisor.**

CHILD NUTRITION

The Child Nutrition Department of the Columbus Municipal School District is committed to providing high quality, nutritious meals for our students, faculty, and staff members. We offer a variety of healthy choices to fuel students' bodies and to refresh their minds. Well-nourished students have higher test scores, increased school attendance, improved concentration, and improved classroom behavior. We are committed to providing healthy, fresh, and delicious meals in a safe and clean environment.

Columbus Municipal School District child nutrition programs are administered through the United States Department of Agriculture, the Mississippi Department of Education, and the local School Board. Comprehensive regulations must be followed for the school district to be eligible for federal funding.

All foods served at our schools meet state and federal nutritional requirements which are based on the United States Department of Agriculture USDA Dietary Guidelines. Current menus are available on the district official website.

If a student has a food allergy or requires a special diet, a medical statement signed by a doctor is required before the student's diet can be altered. This statement should give the diet suggestions and medical reasons for special diet requirements. Parents must contact the school nurse or Child Nutrition department to complete a form. This form must be completed at the beginning of each school year by the child's physician. If a student has a dietary restriction for any other reason the parent must contact the Office of Child Nutrition.

COMMUNITY ELIGIBILITY PROVISION (CEP)

The Columbus Municipal School District will continue to participate in the National School Lunch and School Breakfast Programs Community Eligibility Provision (CEP) for School Year 2022-2023. All enrolled students at Columbus Municipal School District are eligible to receive a healthy breakfast and lunch at school at **no charge** each day of the 2022-2023 school year. Children will be able to participate in these meal programs without having to pay a fee or apply.

ALLOWABLE FOOD IN THE CAFETERIA

Columbus Municipal School District participates in Offer versus Serve meal planning. Offer versus Serve or OVS is a concept that applies to menu planning and meal service. The goals of OVS are to reduce food waste and to permit students to choose the foods they want to eat. Any meal served to students must only be consumed by the student. At no time can an adult/teacher eat any food from the student's tray.

Student behavior in the dining room should be based on courtesy and cleanliness. District policy requires teachers (including secondary) to be present in the cafeteria during mealtime to supervise student behavior.

For safety reasons and health department requirements, students and teachers are not allowed in the kitchen. Students and teachers should wait at the kitchen entrance for the manager to assist them. Everyone should be served from the serving line only.

Beverages other than milk, tea, juice, or water should not be consumed in the cafeteria during lunch and breakfast periods.

Vending machines and snack sales are prohibited one hour before breakfast, one hour before lunch and until the meal period has ended.

Under the provisions of the Healthy School Act, no carbonated drink can/bottles or food from commercial restaurants are allowed in the cafeteria in its original container. No student or adult may bring commercial restaurant food inside the cafeteria in a container that advertises the business where purchased. This food must be placed in a clear unmarked container or plain paper/plastic bag having no advertisement for it to be consumed in the cafeteria.

IV. PERSONNEL POLICIES AND EMPLOYMENT PROCEDURES

PERSONNEL PROCEDURES

It is the policy of the Columbus Municipal Public-School District to hire, retain and promote as employees, those persons best qualified to fulfill the needs of the school without regard to race, color, religion, sex, national origin, age, martial or veteran status, the presence of a non-job-related handicap or any other legally protected status. Further, it is the policy of the Columbus Municipal Public-School District to follow employment procedures, which are clear, objective, and non-discriminatory. Employment decisions will be based upon specific objective standards, which bear a direct relationship to the skills required by the position.

Announcement of vacancies for full time professional and non-professional positions in the school district will be advertised on the district's website. To that end, all vacancies will be advertised publicly for fourteen (14) business days except in cases of extreme emergency as determined by the superintendent. Such advertisements must include the minimum qualifications for the position. Announcement of vacant professional positions may also be submitted to outside sources such as the Mississippi State Department of Education. In the event of an emergency need to fill a position, the superintendent may waive advertising procedures set forth. He/she shall be authorized to enter into an administrative contract with personnel until the board shall meet and consider his/her staffing recommendation.

Applications will be considered active for one (1) year after being filed unless the applicant either withdraws or renews the application.

Any demonstration, dismissal or non-renewal decision involving a certified employee will be based on specific, objective evidence that the employee is not fulfilling his or her duties satisfactorily. The reasons for any adverse personnel action against a certified and classified employee will be carefully documented in writing, all relevant evidence will be preserved, and if eligible, certified employees will be offered a reasonable hearing prior to final action by the Board of Education. All non-renewal and termination procedures will follow Mississippi statutory law and district policy.

LENGTH OF CONTRACT

Certified staff are under contract for a specified number of days (187, 192, 200, 207, 210, 215, 220, or 236). The district reserves the right to request teachers/personnel to report before the first official instructional day and to retain them after the last day of school until all official/contractual work has been completed, as required by the school district.

***A contract will not be issued to an educator whose license is expiring for the upcoming school year. ***

PROFESSIONAL PERSONNEL RELEASE FROM CONTRACT (GBOA)

Any appointed superintendent, principal or licensed employee in any public-school district who is under contract to teach or perform other duties and who desires to be released from such contract shall make application in writing to the school board of the school district for release therefrom, in which application the reasons for such release shall be clearly stated. If the board acts favorably upon such application for release, such superintendent, principal, or licensed employee shall be released from his/her contract and said contract shall be null and void on the date specified in this school board's order. '37-9-55 (1997).

Release may be granted for the following reasons and under the following circumstances:

1. For reasons of ill health or physical disability of the teacher or a member of the immediate family.
2. To accept employment in another business or profession only when and if a suitable replacement shall have been obtained.
3. Relocation of family only when and if a suitable replacement has been obtained.
4. To accept employment which will be career advancement only if and when suitable replacement shall have been obtained. The new employment opportunity must provide a higher organizational position than that held in the Columbus Municipal School District. Simply a high salary does not meet the intent of this conditional circumstance.

The breach of an employment contract by any of the personnel of the District shall result in the District's withholding the payment of any monies which otherwise should have been paid to such person had he/she not broken the contract with the District. Such monies so withheld shall be treated as stipulated damages resulting to the District from such breach of contract. The District maintains the prerogative to submit written recommendation to the State Department of Education that the certificate of the employee be suspended for a period of one (1) year as provided in Section 37-3-2(8).

Please refer to CMSD Policy GBOA for further clarification.

3. Illness of any relative who is a permanent member of certified employee's household.
4. Death and funeral of a relative
5. Circumstance beyond the employee's control, subject to the approval of the Superintendent before or after the fact.

Section II: HOW DAYS ARE EARNED

Days for leaves and absences, sick and personal, shall be accumulated as follows (based on the number of scheduled workdays per fiscal year):

- 180 – 198 workdays: 9 leave days
- 199 – 217 workdays: 10 leave days
- 218 – 235 workdays: 11 leave days
- 236 or more workdays: 12 leave days

Every employee at the beginning of each fiscal/contract year shall be credited with the minimum leave allowance based on the number of scheduled workdays, i.e., an employee with 187 workdays is credited leave of nine (9) days.

In the event the employee terminates service before the contracted period is completed, the number of leave days shall be prorated to the ratio of days worked. If the employee has used more days than days

earned, the difference shall be deducted from the final paycheck.

Individuals employed in the course of a fiscal/contracted year shall earn leave days in ratio to the days worked.

Section III: CERTIFICATED STAFF / PERSONAL LEAVE

Certified employees may use up to five (5) days of earned leave for personal business each year subject to the immediate supervisor and Superintendent's approval.

Section IV: CLASSIFIED STAFF / PERSONAL LEAVE

Classified (Non-Certified) employees may use five (5) days of accumulated leave per year for personal business with the approval of the immediate supervisor and the Superintendent.

Section V: RULES & REGULATIONS GUIDING USE OF PERSONAL & SICK LEAVE

Mississippi statutes permit school districts to establish reasonable rules guiding the use of Sick and Personal Leave. The Columbus Municipal School District hereby establishes the following regulations:

An employee who is absent for reasons other than for personal leave shall furnish the certificate of a physician, dentist, or other medical practitioner as to the illness of the employee or someone covered under Section I, when the absence is four (4) or more consecutive days, or for two (2) consecutive school days immediately preceding or following a holiday. If leave is taken for the death or funeral of a relative, documentation of such must be presented upon the employee's return to work if duration of absence is same as stated above.

When reasonable suspicion exists, the district reserves the right to require a certificate of a physician, dentist, or other medical practitioner verifying the necessity of the absence from work of the employee.

The Superintendent may take such disciplinary action as is appropriate for any materially false statement by an employee as to cause of absence.

Personal leave shall not be taken on the first day students report, except in the event of death or a funeral of an immediate family member. (See HB572)

Absences to attend to school district business are not charged against accumulated leave.

Enlarging, increasing, or providing greater sick or personal leave allowances than the minimum standards established by this section is at the discretion of the school board.

Section VI: ABSENCES IN EXCESS OF ACCUMULATED APPROVED LEAVE / CERTIFICATED STAFF

For the first ten (10) days of absence of a certificated employee because of illness or physical disability in any school year, in excess of the sick leave allowance credited to the certificated employee, the cost of substitute teacher's pay will be deducted from the absent employee's salary, whether a substitute is

secured.

For absences beyond the ten (10) days the pay of the absent certificated employee shall be withheld in its entirety.

Section VII: JURY DUTY

A person serving on jury duty will be paid his/her regular salary. Jury duty is not considered as part of an employee's approved leave. The time an employee is absent from work is not deducted from the employee's accumulated leave. Any fees or expense money collected for jury service may be retained by the employee.

Section VIII: VACATION LEAVE/PERSONAL LEAVE CONVERSION

Vacation leave granted to either licensed or unlicensed employees shall be synonymous with personnel leave. Unused vacation or personal leave accumulated by licensed employees in excess of the maximum five (5) days which may be carried over from one (1) year to the next may be converted to sick leave. The annual conversion of unused vacation or personal leave to sick leave for licensed or unlicensed employees shall not exceed the allowable number of personal leave days as provided in section 25-3-93. The annual total number of converted unused vacation and/or personal days added to the sick leave days for any employee shall not exceed the combined allowable number of days in Section 25-3-93 and 25-3-95.

Section IX. DONATION OF LEAVE

a. For the purposes of this subsection, the following words and phrases shall have the meaning ascribed in this paragraph unless the context requires otherwise:

i. "Catastrophic injury or illness" means a life-threatening injury or illness of an employee or a member of an employee's immediate family that totally incapacitates the employee from work, as verified by a licensed physician, and forces the employee to exhaust all leave time earned by that employee, resulting in the loss of compensation from the state for the employee. Conditions that are short-term in nature, including, but not limited to, common illnesses such as influenza and the measles, and common injuries, are not catastrophic. Chronic illnesses or injuries, such as cancer or major surgery, which result in intermittent absences from work and that are long-term in nature and require long recuperation periods may be considered catastrophic.

ii. Immediate family means spouse, parent, stepparent, sibling, child, or stepchild.

b. Any school district employee may donate a portion of his or her unused accumulated personal leave or sick leave to another employee of the same school district who is suffering from a catastrophic injury or illness or who has a member of his or her immediate family suffering from a catastrophic injury or illness, in accordance with the following:

i. The employee donating the leave (the donor employee) shall designate the employee who is to receive the leave (the recipient employee) and the amount of unused accumulated personal leave

and sick leave that is to be donated and shall notify the school district superintendent or his designee of his or her designation.

ii. The maximum amount of unused accumulated personal leave that an employee may donate to any other employee may not exceed a number of days that would leave the donor employee with fewer than seven (7) days of personal leave remaining, and the maximum amount of unused accumulated sick leave that an employee may donate to any other employee may not exceed fifty percent (50%) of the unused accumulated sick leave of the donor employee.

iii. An employee must have exhausted all his or her available leave before he or she will be eligible to receive any leave donated by another employee. Eligibility for donated leave shall be based upon review and approval by the donor employee's supervisor.

iv. Before an employee may receive donated leave, he or she must provide the school district superintendent or his designee with a physician's statement that states that the illness meets the catastrophic criteria established under this section, the beginning date of the catastrophic injury or illness, and a prognosis for recovery and the anticipated date that the recipient employee will be able to return to work.

v. Before an employee may receive donated leave, the superintendent of education of the school district shall appoint a review committee to approve or disapprove the said donations of leave, including the determination that the illness is catastrophic within the meaning of this section.

vi. If the total amount of leave that is donated to any employee is not used by the recipient employee, the whole days of donated leave shall be returned to the donor employees on a pro rata basis, based on the ratio of the number of days of leave donated by each donor employee to the total number of days of leave donated by all donor employees.

vii. Donated leave shall not be used in lieu of disability retirement. 37-7-307

Section X: TERMINATION AND/OR RETIREMENT

Upon retirement from employment, each certified and non-certified employee shall be paid, at the option of the employee, for not more than thirty (30) days of unused accumulated leave earned while employed by the District. A certified employee shall be paid by the school district at a rate equal to the amount paid to substitute teachers, and non-certificated employees shall be paid at a rate equal to the federal minimum wage. The payment shall be treated in the same manner for retirement purposes as a lump sum payment for personal leaves as provided in §25-11-103 (e). Any remaining lawfully credited unused leave, for which payment has not been made, shall be certified to the Public Employees' Retirement System in the same manner and subject to the same limitations as otherwise provided by law for unused leave. If any employee's employment is terminated for any reason other than retirement, no payment for unused accumulated leave shall be made.

Section XI: FAMILY AND MEDICAL LEAVE ACT

Under certain circumstances, employees may be eligible for leave under the Family and Medical Leave Policy adopted September 1993. This policy complies with the Federal Family and Medical Leave Act of 1993. The Family Medical Leave Act is discussed more thoroughly later in this handbook.

Section XII: STATE AND COMMUNITY SERVICE LEAVE

If an administrator of the District is appointed to a state or local board or committee and that person's service on that board or committee is likely to significantly benefit the District, either directly or indirectly, and the leave time required for that position would not adversely impact the normal process of school, then that person will be entitled to up to ten days of paid leave each year for that position. The approval of that administrator's service on such a board or committee must be obtained from the Superintendent before service begins and that person will be eligible for paid leave. The approval of the Superintendent's service on such a board or committee must be obtained from the President of the Board of Trustees before service begins and that person will be eligible for paid leave. A person approved for paid leave under this policy shall not receive any remuneration for service on that board or committee other than reimbursement of actual, out of pocket expenses of that person in attending meetings of that board or committee.

Section XIII. LEAVE DUE TO DECLARED EMERGENCY CLOSURES

The school board may, at its discretion, provide additional administrative leave with pay for all employees (professional, certified, and classified) in the event of declared emergency closures.

VACATION (Board Policy GBRK)

Section I: Who May Earn Vacation

As a result of severe budgets cuts from the Mississippi Governor and Mississippi Legislature, starting with the 2010 – 2011 school year the District is reducing the employment of certain certificated employees of the District to as low as 226 days, and therefore until the Columbus Municipal School Board amends this policy:

Employees become eligible for vacation benefits upon commencement of employment in a position requiring 226 or more working days. Benefits are accrued based on the anniversary date of Columbus Municipal School District employment. Beginning with the first full year of employment in 226 days or more position, the employee earns ten (10) vacation days each year.

Section II: Use of earned Vacation Days

Requests for use of vacation days must be made in writing on the approved vacation form and approved by the appropriate supervisor at least twenty-four (24) hours prior to the beginning of the desired absence. Vacation leave may not exceed twelve (12) days in one fiscal year unless approved by the Superintendent of Schools or his/her designee. All employees are urged and encouraged to use a minimum of five days annually and preferably when school is not in session.

Section III: Termination of employees prior to retirement

If an employee is separated from the school district, voluntarily or involuntarily, unused leave shall be counted as creditable service for the purpose of the Public Employees Retirement System of Mississippi (PERS).

Section IV: Termination of employee at retirement

Upon termination of employment, unused leave days for which the employee is entitled to full pay may be counted as creditable service for purposes of the retirement system to the extent provided in 25-11-103 of Mississippi Code and the policies of PERS.

NON-WORKING DAYS

Columbus Municipal School District employees have a scheduled number of workdays per fiscal year defined by district's annual calendar. Depending on a position's schedule, there are non-working days that often coincide with observed holidays. Employees are not expected to work on non-working days and unless alternate arrangements are made, no compensation is due to the employee for non-working days.

An employee who is absent without approval on the working day immediately preceding or following a holiday shall lose pay for the holiday.

ABSENT FROM WORK LEAVE PROCEDURES

To create consistency in the leave process within Columbus Municipal School District, the following procedures are to be followed.

District Administrators of the Brandon Central Office (BCO) and School Administrators leave requests must be presented to his or her immediate supervisor for approval:

- 1) Vacation/Personal leave – prior to leave, the proper paperwork must be submitted for approval.
- 2) Sick Leave – all appointments must be submitted in a timely manner. If you are ill and unable to report to work on any given day, please notify your immediate supervisor and once you return from leave, the proper paperwork must be submitted for approval.
- 3) Absent from BCO/School Buildings during normal business hours – if you are not attending to school business when you leave the office, please submit the proper paperwork for approval.

The same procedures are to be followed by the certified/classified staff; however, leave request paperwork must be submitted to their supervisor, director, or manager for approval.

ATTENDANCE PROCEDURES

Timely and regular attendance is an expectation of performance for all Columbus Municipal employees. To ensure adequate staffing, positive employee morale, and to meet expected productivity standards throughout the district, employees will be held accountable to adhering to their workplace schedule. In the event an employee is unable to meet this expectation, he/she must obtain approval from their principal or director in advance of any requested changes. This approval includes requests to use sick, vacation and/or personal time, as well as late arrivals to and/or departure from work. Principals or designee have discretion to evaluate extraordinary circumstances of a tardy, absence or failure to clock-in or clock-out and/or sign-in or sign-out and determine whether or not to count the incident as an occurrence. The Director of Human Resources is available to advise principals or directors regarding the evaluation of extenuating circumstances.

PERFECT ATTENDANCE INCENTIVE

Having all staff and support personnel available every day to perform their assigned duties contributes significantly to the Columbus Municipal School District reaching and sustaining a high level of efficiency and performance. As an incentive to staff and support personnel, the District intends to establish a predetermined incentive to be granted to those who have perfect attendance during predetermined periods of time.

Perfect attendance is defined as reporting to work as scheduled and remaining at work until the end of the workday and/or do not use a sick or personal day/time during the predetermined period (specified month or months as set out below). For perfect attendance during each predetermined period, an employee will be granted an additional sick day. All additional sick days accumulated pursuant to this incentive program will be added in June after the end of the academic year (example – June of 2021 for the 2020-2021 school year).

August = 1 day	February = 1 day
September = 1 day	March = 1 day
October = 1 day	April = 1 day
November/December = 1 day	May = 1 day
January = 1 day	

At the end of the academic year the Chief Financial Officer calculates the earning of days by going through each employees' timesheets for that academic year.

FAMILY & MEDICAL LEAVE (Updated Policy 5/09/2022)

IMPORTANT NOTICE

Due to the complexity of the Family Medical Leave Act (FMLA) and because it involves consideration of your district's leaves and absences policy and your practices, along with the Americans with Disabilities Act (ADA), the Fair Labor Standards Act (FLSA), the Consolidated Omnibus Budget Reconciliation Act (COBRA) and parts of the Internal Revenue Code relating to group health plans and cafeteria plans, all federal anti-discrimination laws and applicable state laws, it is not practical to attempt development of a

detailed policy for the administration of the FMLA. Each request for leave must be evaluated individually due to myriad combinations of circumstances and medical conditions one may have to consider. It is strongly recommended that the school district purchase a competent analysis of the rules, regulations, and guidelines of the FMLA to review while evaluating individual requests for leave under FMLA. The school district's attorney should always be consulted when there is uncertainty.

Of particular importance are the posting and notice requirements of the Act. You must conspicuously post and keep posted in all schools and offices where employees are employed and where applications for employment are taken a notice explaining the Act's provisions and providing information concerning the procedures for filing complaints of violations of the Act with the Wage and Hour Division. Copies of the required notice may be obtained from any local Wage and Hour Division Office. No reproductions of the notice may be any smaller than 8 x 11 inches and the text must be fully legible. Failure to post the required notice prohibits you from taking any adverse action against an employee as well as liability for payment of fines to the Department of Labor (DOL).

Information concerning FMLA entitlements and employee obligations must be included in any employee handbook or other documents providing written guidance explaining all the obligations and rights of an eligible employee whenever that employee requests leave under FMLA. A fact sheet is available from the nearest Wage and Hour Division Office that will provide this guidance.

Also, you must provide an employee who has given you notice of the need for FMLA leave a notice of your specific expectations and employee obligations. Such notice must detail all consequences for failing to meet these obligations. This notice must include the following information as is appropriate to the leave request being considered:

1. Whether the district will require a medical certificate of a serious health condition or recertification and what will happen if the employee fails to do so;
2. Whether the district will require the employee to furnish, prior to being restored to employment, a fitness for duty certificate;
3. That the taking of this leave will count against the employee's annual FMLA leave entitlement;
4. That the employee has a right to substitute paid leave (sick leave, vacation, personal days) for FMLA leave or whether the district will require the substitution of paid leave and any conditions related to substitution;
5. Whether the employee is a "key employee," and that restoration might possibly be denied after taking FMLA leave, explaining the condition required for you to deny restoration;
6. Whether the employee will be required to pay any health insurance premiums to maintain benefits while on leave and the arrangements for making the payments;
7. That if the employee fails to return to work after taking unpaid FMLA leave, he is potentially liable for payment of health insurance premiums paid by the school district;
8. That the employee has a right to restoration to the same or equivalent job* upon return from leave.

The school district is also expected to act in good faith in answering questions from employees about their rights and responsibilities under the FMLA.

FMLA provides that the school district shall make, keep and preserve records pertaining to its obligations under the Act in accordance with the record keeping requirements of section 11 C of the Fair Labor Standards Act (FLSA) and the FMLA. No particular order or form of records is required. No requirement exists that requires the school district to revise its computerized payroll or personnel records to comply; however, some items are required.

I. GENERAL

1. Definition

1. "Eligible employee" means one who is employed at a school facility where at least 50 persons are employed, either there or within a 75-mile radius of that school facility as measured by road miles by the shortest route possible; and who has been employed for at least 12 months by the school district as of the date leave commences, and who has also provided at least 1250 hours of service during that 12-month period. Fifty-two (52) weeks of casual, intermittent, or occasional employment qualifies as "at least 12 months". School district employees exempt from FLSA requirements are presumed to have worked 1250 hours.
2. "Employee's spouse" as defined by Mississippi Law.
3. "Employee's son or daughter" means biological child, adopted child or foster child, legal ward, or the child for whom the employee is standing in loco parentis who is either under the age of 18 or above the age of 18 and incapable of self-care because of a mental or physical disability.
4. "Employee's parent" means biological parent or an individual who stood (or now stands) in loco parentis to an employee when the employee was a child (not to include parents-in-law).
5. "Employee's immediate family member" means spouse, son or daughter or parent as defined hereinabove.
6. For the purposes of FMLA, "serious health condition" means an illness, injury, impairment or physical or mental condition that involves either in-patient care (overnight stay) in a hospital, hospice or residential medical care facility or continuing treatment by a health care provider. *

2. Leave Provisions

1. An eligible employee is entitled to 12 unpaid work weeks of leave during any 12-month period for any one or more of the following reasons:

1. The birth of a son or daughter, and to care for the newborn child (within 12 months of the birth).
2. The placement of a child with the employee for adoption or foster care (within 12 months of the placement).
3. To care for the employee's spouse, son, daughter, or parent with a serious health condition (not parent "in-law").
4. Because of the employee's own serious health condition which makes the employee unable to perform the function of his/her job.

Military Caregiver Leave: To care for the employee's spouse, child, parent, or next of kin (if the employee is the nearest blood relative) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred in the line of duty on active duty.

IMPORTANT NOTE: The school district must choose any one of the following methods of determining the "12 month period". Once chosen, that method must be used consistently and changed only upon 60 days written notice to all employees.

1. The calendar year.
2. Any fixed 12 month "leave year", that is,
 1. a fiscal year
 2. a year required by state law
 3. a year starting on the employee's employment anniversary date
 4. the 12-month period measured forward from the beginning date of the employee's FMLA leave
 5. a rolling 12-month period measured backward from the date the employee uses FMLA leave (may not extend back before August 5, 1993). *
 6. The Columbus Municipal School District Uses "a rolling 12-month period measured backward from the date the employee uses FMLA.

b. Spouses have a 12-week aggregate leave limit except for personal illness or the illness of a child or the other spouse; that is, if each spouse took 6 weeks of leave for the birth of a child, each could later use an additional 6 weeks due to personal illness or to care for a sick child.

c. Brother and sister employees would have an aggregate limit of 12 weeks to care for their parent.

d. Special rules apply to this school district which allow it to require eligible instructional personnel only to take FMLA leave on an intermittent or reduced leave schedule, or to take leave near the end of a

semester. Instructional employees are only those employees whose principal function is to teach and instruct students in a class, small group, or individual setting. Instructional employees include teachers, teacher aides and assistant teachers who actually teach, coaches, driver's ed instructors and special ed assistants such as signers. All other eligible employees may request intermittent leave or leave on a reduced leave schedule to care for a family member or for the employee's own serious health condition.

3. Notice Requirement

- a. School district employees must provide this district at least 30 days advance notice before FMLA leave is to begin if the need for the leave is foreseeable based on an expected birth, placement for adoption or foster care or planned medical treatment for a serious health condition of the employee or family member.
- b. Due to lack of knowledge or a medical emergency, notice must be given as soon as is practicable, which means as soon as both practical and possible or at least verbally within 1 or 2 working days when the need for leave becomes known to the employee (followed by written notice). *
- c. Failure to give 30 days' notice for foreseeable leave may result in the denial of the taking of FMLA leave until at least 30 days after the date the employee provides notice. *

II. REQUIRED CERTIFICATION

1. Eligible employees shall provide the superintendent or designee certification of a serious health condition for his/her own serious health condition or that of a family member. The certification, to be signed by the health care provider, * shall be attached to the required written notice or submitted in a timely manner which shall be no more than three (3) working days after providing written notice. No leave period may begin without the approval of the superintendent. No approval shall be granted by the superintendent or designee without the required written notice and certificate.
2. The certification is to include the following:
 1. The date on which the serious health condition in question began.
 2. The probable duration of the condition.
 3. Appropriate medical facts regarding the condition.
 4. A statement that the employee is needed to care for a spouse, parent, or child (along with estimate of the time required) or that the employee is unable to perform his/her functions, and, in the case of intermittent leave, the duration of treatment to be given.
 5. Signature of health care provider.
3. The school district may require that a second opinion be obtained at the school district's expense. The second opinion may not be provided by a health care provider employed by this school district. In the event of conflicting opinions, the school district may pay for a third and final provider to offer a binding decision.

4. The school district may require subsequent written recertification on a reasonable basis.

III. EMPLOYMENT BENEFITS PROTECTION

1. An employee who completes a period of leave and has complied fully with the terms of this policy shall be returned either to the same position he/she had before the taking of leave or to a position which is genuinely equivalent (as compared to a comparable or similar job) in pay, benefits, and other terms and conditions of employment.
2. Taking of leave shall not result in the loss of any previously accrued seniority or employment benefits. Except for health benefits, no other benefits will accrue during the leave period.
3. The school district may exempt from the restoration requirement in paragraph A above a key employee who is in the highest paid 10 percent of this district's workforce within a 75-mile radius of the school facility if restoring the key employee would cause substantial and grievous injury to the classroom and instructional program. *
4. The school district shall notify the key employee of its intent not to restore him/her at the time of the request for leave or when the determination is made. If the leave has begun, the key employee shall have the option of deciding whether or not to return to work after receiving the notice. An employee who is not restored shall be considered to be on leave for the duration of his/her leave period. *
5. Health benefits shall continue through an employee's leave period, even for key employees who have been notified that reinstatement will be denied. The school district shall recover health coverage premiums paid for an employee who fails to return from leave except as follows:
 1. No recovery will be made from a key employee who has chosen to take or continue leave after receiving notice of non-reinstatement.
 2. No recovery will be made from an employee who fails to return from leave if the reason is the continuation, recurrence, or onset of a serious health condition, or something else beyond the employee's control, all of which is subject to the certification requirement in Section II, above.

IV. PROHIBITED ACTS

This school district shall not interfere with or restrain an eligible employee's right to exercise the provisions of this policy. * This policy shall take effect and be in force from and after August 5, 1993. An employee's service prior to this effective date shall be counted in determining whether the employee is eligible for leave.

V. SUPERVISION AND EVALUATION

All certified and classified personnel will participate in the supervision/evaluation of their performance. The goal of the supervision and evaluation process is for the employee to reflect and analyze his/her performance in terms of effectiveness, efficiency, and relevancy.

CERTIFIED EMPLOYEE EVALUATION (GBI)

The evaluation of professional employees shall be in the form and manner prescribed by the State Department of Education. The school board of this district directs the superintendent to formulate and implement a formal annual performance appraisal system based on job descriptions and on-the-job performance of every professional employee.

CLASSIFIED EMPLOYEE EVALUATION (Board Policy GDI) Added Existing Policy

The development of a strong, competent classified staff of employees, and the maintenance of high morale among this staff, are major objectives of the school board. The board recognizes that thorough, regular appraisal of performance is essential to the realization of district goals. The primary purpose of personnel evaluation is the growth and development of individual staff members, the strengthening of the school staff as a whole, and improvement of support services provided.

The board directs the superintendent and administrative staff to develop regulations, procedures, and instruments for evaluation, using the following guidelines:

- The board expects principals and supervisors to exert every effort to encourage staff members to develop their performance to an optimum degree.
- Performance appraisal will be continuous, and not limited to items and procedures set for formal evaluation.
- The evaluation process will make use of both self-evaluation and supervisory evaluation.
- The evaluation process will emphasize both the achievement of goals set mutually by the staff member and supervisor early in the school year and standardized objectives rating forms.
- The procedures will provide for the recognition of outstanding services and also will be used for sound decision making as well as for counseling and in-service training.
- When aspects of a staff member's performance are in need of improvement, the principal or supervisor will specifically identify those areas needing improvement and will develop a plan of assistance. Subsequent evaluations will address improvement and/or the need for further monitoring.
- To provide for objectivity and uniformity, observations and evaluations will be carried out in accordance with the guidelines set forth in administrative regulations which have been developed cooperatively by the administration and staff and reviewed and approved by the school board.

The Mississippi Public School Accountability Standard for this policy is Standard 3.

VI. REQUEST FOR REASSIGNMENT

REASSIGNMENT/TRANSFER CERTIFIED PERSONNEL (Board Policy GBEB)

If a vacancy occurs in any one school, a teacher may request a transfer to that vacancy. A request for transfer shall be voluntary and shall not be perceived prejudicial in any way. The employee requesting the transfer shall complete the proper forms and confer with the receiving principal. If the receiving principal approves the employee request, the principal submits a recommendation to the Superintendent. If the transfer request is approved by the Superintendent, the request is presented to the Board of Trustees for board action on the reassignment.

The following criteria will be used in evaluating transfer requests:

1. Employee has been recommended for reemployment by the principal of the school to which he/she is currently assigned.

All transfers shall be completed prior to the **beginning of the** school year when possible.
