

December 21, 2020

To whom it may concern,

As the COVID-19 pandemic continues to impact daily life, we recognize the unique challenges of this situation. In an effort to help educate the community about energy assistance programs that are available to assist with energy costs during these uncertain times, Elizabethtown Gas would like to share the attached information with the residents in your community.

The attached Energy Assistance Fact Sheet provides contact information for agencies that can provide more detailed information and program applications. We ask that you share this information electronically, through social media or the website for your municipality.

Representatives from Elizabethtown Gas are available to speak about conservation measures and energy assistance by request. .

We are in this together and are dedicated to providing a source of stability in these uncertain times. Together, we will pull through this and emerge stronger.

Should you have questions or need additional information, please feel free to contact me at 908-662-8475.

Sincerely,

Daisy Trocan

Energy Assistance/Weatherization Coordinator
