The LEA must reserve at least 20 percent of funds to address learning loss through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups (each major racial and ethnic group, children from low-income families, children with disabilities, English learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care).	Our formal and informal data shows that our EL students have experienced instructional learning loss due to COVID based restrictions for in-person learning. We have seen similar outcomes in our SPED and homeless populations. As a result the district will combine other resources with the 20% to add an educational assistant and a teacher to aide in	64,910.32	Our formal and informal data shows that our EL students have experienced instructional learning loss due to COVID based restrictions for in-person learning. scheduling additional educational time/interventions for these populations. These additions will also address the academic and social needs of the general population of students by allowing specialized classroom scheduling. The Brookings Institute has stated, "There is a large body of research on the relationship between class size and student learning. A 1979 systematic review of the literature identified 80 studies. There are surely hundreds today (Class Size: What Research Says and What it Means for State Policy Matthew M. Chingos and Grover J. "Russ" Whitehurst Wednesday, May 11, 2011)." We believe that this research confirms our intent to add personnel will significantly reduce the affects of lost learning time.

add an educational assistant and a teacher to aide in scheduling additional educational time/interventions for these populations. Activities to Address Needs

Descriptions for all narrative responses below must describe how interventions to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children and youth in foster care, and migratory students.

Funds may be used for a wide range of activities to address needs arising from the coronavirus pandemic, including any activity authorized by the following Acts.	2/3 Amount Allocations		1/3 Amount Allocations

Response Efforts - COVID 19

Allowable Activities for Remaining Funds. Consistent with PED’s priority to close the digital divide, LEAs must explain how they are using ARP ESSER funds to ensure access to digital devices and other technology for at-risk students and teachers who need them, as well as Internet technology support services. Digital devices must be capable of meeting at-risk students’ remote learning needs and teachers’ remote teaching needs. Digital devices must allow for the reliable download and upload of assignments, streaming of instructional videos, and participation in individual and group video conferencing. In the category below “purchasing instructional technology,” please include in the narrative an explanation of how the LEA is meeting this priority and a dollar amount that will be used for these purposes.

Interim Final Requirement: Under this requirement, an SEA must engage in meaningful consultation with various stakeholder groups on its ARP ESSER plan and give the public an opportunity to provide input on the development of the plan and take such input into account. Specifically, an SEA is required to consult with students; families; Tribes (if applicable); civil rights organizations (including disability rights organizations); school and district administrators (including special education administrators); superintendents; charter school leaders (if applicable); teachers, principals, school leaders, other educators, school staff, and their unions; and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students in the development of its ARP ESSER plan. Under the requirement, an SEA must also provide the public with the opportunity to provide input in the development of the plan and take such input into account.

*Meaningful consultation means each stakeholder group was afforded multiple opportunities to provide feedback on the LEAs ARP application prior to the application being submitted. Pursuant to 2 C.F.R. § 200.332(a)(5), all sub recipients as identified in Exhibit A, attached to this sub award, must permit PED and auditors access to records and financial statements as necessary.

Required Information - GEPA	
	Required Narrative
<p>Please describe how the LEA will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a). The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program.</p> <p>For examples of applicable, relevant, acceptable responses, please see: https://www2.ed.gov/fund/grant/apply/appforms/gepa427.doc</p> <p>GEPA Rubric A satisfactory answer</p> <ul style="list-style-type: none"> • Describes potential barriers to accessing aspects of the proposed spending plan based on criteria such as gender, race, color, national origin, (dis)ability, and age • Describes steps that will be taken to eliminate or reduce those barriers to ensure equitable access <p>May require revision</p> <ul style="list-style-type: none"> • May not clearly or completely describe potential barriers to accessing aspects of the proposed spending plan based on criteria such as gender, race, color, national origin, (dis)ability, and age • May not clearly or completely describe steps that will be taken to eliminate or reduce those barriers to ensure equitable access 	<p>The district has experienced various barriers to sufficiently meet the needs of all students. These include shortage of staff due to lack of funds and availability of certified personnel. Our facilities do not provide appropriate/comfortable learning space for year-round instruction due to out dated cooling/heating systems.</p> <p>ARP funds will allow us to advertise for hiring a bilingual educational assistant and certified teacher to alleviate over-crowded classrooms, and provide more direct instruction to EL, SPED, homeless, and regular education students who have been affected by lost learning time. We will also use this funding to put in place appropriate heating/cooling systems to make classrooms available for year-round activities. Job openings and planning will be advertised in the school system, on social media, general media, mailings, etc. supplied in "native" language(s).</p> <p>The Animas schools will continue to seek public input regarding both the physical and academic needs of our students to improve learning, safety and security, and an overall sense of social, emotional, and physical well-being.</p>

2021-2022

ANIMAS PUBLIC SCHOOLS

Instructions:

During the period of the ARP ESSER award established in section 2001(a) of the ARP Act (i.e., until September 30, 2023), an LEA must periodically, but no less frequently than every six months, review and, as appropriate*, revise and post its plan for safe return to in-person instruction and continuity of services. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). The requirement clarifies that, if the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.

Under this requirement, the plans must be: In an understandable and uniform format; to the extent practicable, written in a language that parents can understand or, if not practicable, orally translated; and upon request by a parent who is an individual with a disability, provided in an alternative format accessible to that parent.

In the fields below, please provide a link to the LEA’s most current posted plan on the LEA’s website, and the date the plan was posted to the LEA’s website.
