

LMS PARENTS...

If you have the need, we have a resource you can use...

What is Bite2Go?

2nd Harvest and Suncrest Family Worship partner with our school to get weekend food supplies to hungry teens. Students will receive non-perishable items that they can prepare with basic cooking skills-with or without the access to a full kitchen.

What to expect:

Parents can pick up, or your child can take home a pre-built bag of food once each week. The bag will be available for pick up in the office at LMS between the hours of 7:15am-3pm Monday through Friday.

Contact:

Jeana Simpson, jsimpson@9mile.org, 340-4139 to sign up and/or to get more information about the program.
