

Royal Oak Schools is pleased to remind students of the great transportation alternative available to them through SMART bus for getting back and forth to school this fall. SMART service offers a safe option in getting students to school on-time each day and ready to learn. Every SMART bus is equipped with cameras to ensure the safety of riders. Also, the discounted Youth fare keeps the cost low, only \$1.00 each way!

SMART Route 430 Main Street directly serves both the middle school and high school with trips in the morning arriving at 7:31 a.m. and 7:40 a.m. respectively with connections at SMART's Royal Oak Transit Center (ROTC). The afternoon trip leaves the high school at 3:15 p.m. and the middle school at 3:24 p.m. The bus stops are located near the schools; just a short walk to the entrance. At the high school, students can board the bus at Lexington and Crooks; the middle school stop is at Austin and Washington.

The SMART bus is a great opportunity for young adults to learn independence by riding SMART and help to encourage transit use by our future generation. Public transit in southeastern Michigan is in transition and introducing your children to it now will help prepare them to navigate the much more comprehensive system being planned for our region in the future. The Royal Oak School system is pleased to be able to offer this opportunity to our students as we look forward to the coming school year!

Serving residents since 1967, SMART is southeast Michigan's only regional public transportation provider, offering convenient, reliable and safe transportation for Macomb, Oakland and Wayne Counties. SMART's Fixed Route and small bus services connect people to employment and educational institutions, medical appointments and shopping centers. For routes and fare information, visit smartbus.org.

Correction to Map! Because of the larger bus now running this route, the bus is staying on Washington until Catalpa before turning to go north on Main. Northbound (morning) stops for the bus are being added on Washington just north of 11 Mile Road, just north of University, just north of Willis (existing), just north of Crane Ave., and just south of 11 Mile Road. These stops are being confirmed; for now students who need to board the bus between 11 mile road and Catalpa should do so at the stop on Washington that is just north of Willis.
